**REPORT OF THE TRUSTEES
INGALLS MEMORIAL LIBRARY**

For the Year Ending December 31, 1953

We believe the Library building is now in excellent condition. With the amount appropriated by the Town the roof has been carefully repaired and the cover to the well repaired and shingled. The oil burner installed last year has proven to be a great advantage, both as to comfort and decreased expense.

It is our hope the next step will be to bring water from the well into the building and that money for this will be provided in one way or another.

During the year we have added a number of histories of nearby towns to our already excellent collection. These histories are very valuable and as most are out of print, are becoming more so yearly. We were fortunate to find them—especially the rare copy of the History of Temple—in a secondhand bookstore in Washington. It would be worthwhile for Townspeople who have such books to donate them or to watch for them at book sales and auctions.

The School and Library continue to work together for the education and delight of our children. We have added books desirable for those pupils who go out of town to Junior and Senior High Schools so they may have the advantage and convenience of working at home.

Again we thank Mrs. Gray and Mr. Crowell for their interest in and care of the Library, together with all those friends who give books or help in any way, especially those who by appreciation and encouragement, enable us to keep our Library outstanding in literature and beauty.

During the last half of 1953 there has been an increased use of the facilities which the library offers, and the circulation of books has been proportionately greater.

It seems that the library is making another valuable contribution to the community as a meeting place for various organizations and committees.

A pleasant feature has been the exhibits of handicrafts and art by the talented women of our town. More would be welcome.

A project which is now being carried on is the purchase of histories of the surrounding towns. This has resulted from many inquiries for this sort of material.

Once more we are very grateful for the generosity of friends of the library. Magazines have been contributed by Prof. Douglas Adams, Mrs. Arthur Allen, Mrs. Warren Ames, Mrs. Wallace Coates, Jr., Miss Eula Ferguson, Mr. Raymond Ford, Mrs. John Phillips and Mr. Russell White. Books have been donated by Mr. George Coppers, Miss Eula Ferguson, Mrs. Fred Howard, Mrs. Leo McInnis, Mrs. Arthur Hale, Mrs. Cora Harris, Miss Marcia Richardson, Miss Lydia Shepherd, Mr. and Mrs. Richard Smith, Mr. Harry Sherwin, the Misses Della and Laura Whippie, the Misses Marilyn and Sylvia White, and Mrs. Robert Whitney. A fine picture of Abraham Lincoln and a collection of bullets from the battlefield of Gettysburg were presented by Mr. and Mrs. Fred Howard for the museum.

I extend my thanks to the trustees for their interest and cooperation and to Mr. Crowell for his helpfulness.

Respectfully submitted,
CARRIE S. GRAY,
Librarian

In September Mrs. Eleanor Parrott of Peterborough accepted the position as teacher of grade 4 and one section of grade 5, with the understanding that her employment would be on a temporary basis, as her husband was awaiting call to an Army post. This call came in October, and Mrs. Parrott left the State on November 1. Mr. Luther Copp, a student at Keene Teachers College, who was completing his practice teaching at Concord, N. H., was engaged at that time as her replacement.

B. PROGRAM AND METHODS

Rindge people have been very ready to respond to the needs of the school for modern instructional aids. So that all may know how some of this equipment is being used to provide interesting and valuable experiences for the boys and girls the following statements of the teachers are included in this report.

Grades—One and Two:

1. The victrola is used every day. It is used to entertain children who stay in recesses due to bad weather. We also have music appreciation and music interpretation.

5. The sand table is used to enrich the reading program by the construction of towns, farms, etc.
6. Actual objects are used in the number work program. Also actual measuring.

Grades—Two and Three:

1. The typewriter and duplicator are used to make work sheets to accompany text and workbook both in arithmetic and reading.
2. The phonograph is used for music appreciation, instruction in dancing and for rhythmic activities.
3. The film strip projector is used for social studies and science topics.
4. Blocks and other actual objects are used to better number understanding.

Grades—Four and Five:

1. The motion picture projector will be used soon as an accompaniment with health, science and social studies.
2. The typewriter is used in connection with the liquid duplicator to prepare testing and seatwork materials.

2. The duplicator is used for special exercises and review lessons. Master copies are made out on the typewriter.
3. The movie projector is used for films to accompany Social Studies, Health, and Science.
4. Maps and Globes are used in connection with Social Studies and Reading.

PART III. SCHOOL PLANT

A. PLAYGROUND

In order to develop a long-term plan for the development of the play and recreation area around the schoolhouse, a survey has been made and a sketch is being prepared with the help of Mr. Jack F. George, Director of Physical Education, State Department of Education. There is sufficient cleared space to provide well laid out sections for baseball, volleyball, and other games and for suitable playground equipment; and the wooded area provides a wonderful opportunity for the development of nature trails, picnic areas, and conservation projects.

B. INSURANCE

The Memorial School is now insured for \$84,000 and the contents for \$6,000. Both fire and extended coverage are carried on this building. The West Rindge schoolhouse is insured for \$900.

PART VI. DENTAL CLINIC

One hundred dollars was appropriated by the district in March, 1952, for dental clinic. The money was placed with the State Dental Health Service and matched by them so that \$200 is available for use this present school year. Application has been made for the allotment of State Funds to match the local appropriation for 1954-1955 but it is not yet known whether State money will be available. All but \$5.00 of the funds available last year were used. Children are receiving wonderful help from this service. Dr. Raymond Moore of Jaffrey is doing the dental work at clinic rates. Many thanks go to the local people who have helped out on the transportation of pupils to and from Jaffrey for these appointments.
